MESSAGE FROM OUR LEADER

I feel proud to share about the experience we gained during the FY 2021-22 as the year which paved the way for learning many new things after a yearlong pandemic lock down. More specifically, the lock down period has given a great opportunity to adopt structural changes in our organization under the Niranthara N3 Program of Dhvani Foundation, Bangalore. This was indeed a wonderful journey with diversified leaders of various NGOs functioning in TamilNadu to know more about the changes in legal frameworks on NGOs sector and government policies and digital way of functioning.

Significantly the year 2021-22 we got a chance to learn more insights to rethink our existing service modal and the need to adopt many changes not only in our functioning system but also in project approaches. I want to share one thing here that this Annual Activity Report will bring out a picture on our service journey by which we have engaged all our stakeholders in the project activities. And I also believe that the report will definitely be a resource document for diversified segments like Student, Researchers, Academician, Development Professional etc.

I am with great pleasure extending our heartfelt gratitude to our Donors, well-wishers, Government Officials, NGOs, Social Clubs, PwDs Associations and the Leaders of various organizations for their immense support and guidance. I strongly believe that we are nothing without our beneficiaries and parents. So we would be very thankful for everyone for their wonderful support and valuable encouragement towards reaching our goals better.

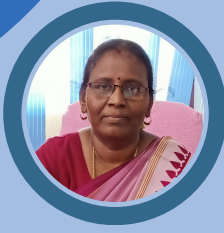

M.KUMUDHAM, MSW., MSc Psy., DSE., Spl BEd.,

ABOUT THE ORGANISATION

Global Trust is an upcoming pioneer Institution established in 2013 to provide sustainable rehabilitation services to deserving groups of our society especially Persons with Disabilities (PwDs), Children and Women. We are trying to build an inclusive society to engaging community members and supporting groups for ensuring the dignified life opportunity for them through adopting holistic and integrated approaches . Our focused area of services are Early Intervention, Special / Inclusive Education, Medical and multi modal therapy intervention, Vocational / Skill Training and Livelihood promotion

VISION

Enabling a sustainable inclusive society for the Persons with Disabilities, Children and Women.

MISSION

Ensures the rights of Persons with Disabilities, Children and Women through our continuous project interventions by engaging all the stakeholders and enable them to become self-reliant, resilient and self-sustainable.

VALUES

Passionate Services with “Good Governance” through Participation, Accountability, Transparency, Responsiveness, Inclusiveness and Sustainability.

PRIORITY SDGS

The core objective of Global Trust is building a sustainable inclusive society covering all kinds of deserving categories including Persons with Disabilities, Children and Women. Based on our objectives, we have formulated our programs by invoking the following SDG's goals 1, 4, 8, 10,11 and 17 which are directly connected with our areas of interventions. Although the Covid-19 has impacted our society negatively, we strongly believe and work to reach our goals in a meaningful way within the stipulated time frame.

Priority SDG-01

We are working to ensure that our target people -Persons with Disabilities, Children and Women would not be affected by hunger and not to go to bed with an empty stomach.

Priority SDG-04

We are working to support our target people as Persons with Disabilities, Children and women who are eligible to pursue their education to enroll in formal, informal and Special Education systems to learn at least their basic education.

Priority SDG-08

We are working to get opportunities for employment and decent work for our target people - Persons with Disabilities and Women.

Priority SDG-10

We are working to reduce the inequality practices noticed in any form which are faced by our target people -Persons with Disabilities, Children and Women.

Priority SDG-11

We are working for the welfare of our target people -Persons with Disabilities and Women who are living in the urbanized slums with barriers to avail their basic requirements.

Priority SDG-17

We are working to build partnerships and network for the betterment of our target people -Persons with Disabilities and Women for ensuring sustainable development.

OVERVIEW OF THE YEAR

Even though we faced many setbacks in the implementation of project activities in FY 2021-22, it was a fruitful time to gain more insights from all stakeholders. We got opportunities for adopting new ideas, strategies and designs in our project activities that helped to bring out tangible breakthroughs during this period. The digital way of functioning has given momentum for speedy service to the needy people.

01

Our organisational visibility has enriched in a better way through the Niranthara N3 Programme of Dhvani foundation which has given clarity on the vibrant social sector.

02

Increased Public and Private Partnership in our programs activities which has given a momentum for knowledge sharing and Technological support.

03

The service area coverage has been extended to adjacent districts- Ariyalur, Mayiladuthurai and Nagapattinam.

04

The consecutive capacity building training on various thematic area has equipped the working capacities of the organisation's staff.

05

The usage of Social Media & feedback mechanism has increases our quality of services and our solution videos helps to overcoming challenging life.

THE OUTCOME OF NIRANTHRA-N3 PROGRAMME

"Change is Never Easy But Always Possible"

- Barack Obama

The main objectives of the programme is to evolving strategy, improve good governance and sharpen NGO's message to outside the world to suit the current requirements of the NGO sector, increase organizational capacity to meet the requirements of the transition of development sector.

Our sincere thanks to the team members of Dhwani Foundation, Bangalore for their immense support and guidance to build our organisation better in all aspects of legal compliance and branding our service to be more visibility.

A 18 Months long (November 2020- May 2022) training program has equipped us to have a clear understanding on the trends emerging around development sector and also helped to build a fair environment in the organisation and to reach out organisation's goals and objectives in meaningful way.

"a move towards passion to responsible by which Dhwani made a significant change within us to become vibrant organisation."

The program focused on the following impact areas...

1. Compliance
2. Governance
3. Human Resources
4. Leadership and Strategy
5. Management Information System
6. Accounting and Finance Management
7. Program Management and Supervision
8. Marketing and Fundraising.

TIME LINE FOR UPCOMING FY: 2022-23

Global Trust is envisioned to move ahead in initiating various projects which will benefit its target communities like persons with disabilities , children and women in coming years. The important plans are given below:

- 01** Extends the operational area to Mayiladuthurai and Nagapattinam Districts for implementing special school, adult homes and Legal Guardianship programs.
- 02** Initiates Community Based Rehabilitation program in Cuddalore and Kurinijipady blocks of Cuddalore districts.
- 03** Advocacy Program for persons with disabilities, Vulnerable children and women for ensuring resilience from all risks and barriers they faced.
- 04** Extends the Promoting Micro Enterprise for Specially Abled People (PMESAP) program to 200 needy people.
- 05** Increase the donors and supporters and digitalize donor databases for mobilizing resources to provide quality service delivery to the target beneficiaries of all our projects.
- 06** Organise 3 mega fundraising events for mobilizing resources, create fellowship activities and acknowledge their immense support.
- 07** Publish Global Mail , an official news letter in a new form and include various stakeholders ideas and thoughts which will benefit the differently abled communities, professionals , Parents and Children.
- 08** Extends Partnerships with Public, Private institutions ,Line departments, Academic Institutions, like minded organisation for improving competence of the organisation and provide better services to the target beneficiaries

OUR FLAGSHIP PROGRAMS

The journey of Global Trust over the years has clearly stated that the mission towards the objectives of the organisation is well defined to empowering the target beneficiaries (PwDs, Children and Women).

Our flagship programs are the important milestone to know about the achievement as well as impact created among the target beneficiaries.

	TOTAL	505	246	259

During the FY 2021-22 our service has impacted 500 direct beneficiaries and 1500 indirect beneficiaries.

"Our tireless commitment has impacted in the lives of PwDs in many ways as they are now able to lead life by their own way independently"

The post Covid-19 situation learning has given more insights in our program activities and it has helped to understand the technological solution which is inevitable in the social sector activities.

GLOBAL SPECIAL SCHOOL FOR CWSNS

The Global Special School was started in 2013 with 27 Children with Intellectual Disabilities. At present 100 Children are residing and receiving rehabilitation services at free of cost . The main aim of School is to provide a complete rehabilitation service (Special Education, Medical and Therapy intervention, pre and post Vocational Training) under one roof in order to promote them to lead an inclusive social life.

Total Special Kids

100

Boys

73

Girls

27

The hallmark of the Global Trust's initiative is providing special education to the children with intellectual disabilities. Children with special needs had been completely assessed before admitting them in the special education to find out the type, degree and difficulties of their disabilities, social, family and birth history of them through psychiatric doctor, clinical psychologist, physiotherapist, Special Educator and other therapists.

Based on the assessment these children have been classified into custodial, trainable and Educable categories and set goals for individuals to carry out interventions for each child. Comprehensive continuous evaluation has been made to measure the improvements of the children through special education with multi-model therapy.

There are 26 domains of skill sets for the 100 children with special needs that have been evaluated on a quarterly basis in a year and provided interventions to attain the goal of each child. As a result of these interventions skills of the children have been improved in 761 domains of 10 skill sets. (See skill training evaluation table)

RESPIRE HOME FOR PWIDDS

This scheme was started in the mid of 2017 for providing respite home care service to Persons with Intellectually Disabled and their family members while they are in critical situation.

All kinds of rehabilitation services are provided along with balanced diet facility. The high priority is given for developing the Like Skills of inmates. Presently 34 inmates are residing and receiving cost free service.

Total Inmates

34

Boys

28

Girls

06

The main aim of the scheme is

1. Respite home for orphans or abandoned, families in crisis and also for Persons with Disabilities (PWD) from BPL & LIG families including destitute
2. Opportunities for family members to get respite time in order to fulfil other responsibilities
3. Group home facility for all age groups with adequate and quality care service with acceptable living standards including provision of basic medical care from professional doctors.

During the FY 2021-22 the inmates acquired the following improvements such are

Self hygiene and self safety practice Improved among all inmates of the centre

Life skill orientation training has helped to improve their daily living activity to 20 inmates.

The parents of 5 inmates who were under critical situation due to their family problems have got solution through our regular counseling service.

Pre vocational skills and extracurricular skills have improved for 10 inmates as they are showing interests in various skills.

HOME CARE FOR ADULT GIRLS-IDS

This scheme was started in 2019 providing life skills, vocational skills with residential care for girls with intellectual disabilities above the age of 14 years.

The objective of the program is

- **Create the adult with intellectual disabilities as a part of the society.**
- **Train them in vocational skills as per their IQ levels.**
- **Involving them in production based activities.**
- **Create dependable or self employment for them.**
- **Earning income from their livelihood activities.**

Total Inmates

40

There are 40 Girls with intellectual disabilities in our Home in which we are given training on life skills such as applying oil to their head and tying the braid with ribbon, Washing, Drying, folding and preserving their cloths, identifying the suitable dresses and Cleaning the almerah , rooms and floors with broom stick and mobbing. We are imparting vocational training such as Paper pen stand, Wire Bag, Phenol, hand sewing, woolen thread flowers, bangles and stead making.

10 Girls are having skill sets to identifying different papers, measuring, cutting, folding, pasting, arranging , counting and packaging of paper bags.

12 Girls are having ability to making bangle, stead and flowers in the woolen threads.

13 Girls are able to doing hemstitching, Button and Hook stitching, Hemstitching and simple embroidery by hand sewing.

9 Girls are having capacity to produce phenol and filling it in the bottles.

THERAPY CENTRE FOR ASD

This scheme was started in the mid of 2017 for providing respite home care service to Persons with Intellectually Disabled and their family members while they are in critical situation. All kinds of rehabilitation services are provided along with balanced diet facility. The high priority is given for developing the Like Skills of inmates. Presently 34 inmates residing and are receiving free of cost intensive service.

Total PwASD

21

Boys

18

Girls

03

During the FY 2021-22, Attention was given for training on Behaviour modification, Emotional control, Speech and Language, Occupational skills, Sensory, Physio Therapies along with Activities for Daily Living Skills The outcomes of the continuous interventions are given below:

Decreased adamant and aggressive behaviours of 10 children & improved their attention and concentration levels & able to obey verbal instructions.

11 children have active looks, express happiness , involve themselves in group activities and their social skills improved

8 children have improved in speech and language skills and started talking with their peers.

Motor skills improved for 10 Children their eye and hand coordination, cognitive development, color concepts, actively involved in the activities without distractions and muscle flexibility.

7 Autistic Children having abilities to hold and release the objects, problem solving, fine and gross skills.

Eye and hand coordination, cognitive development, colour concepts and muscle flexibility of 10 children have improved and are actively involved in the activities without distraction.

LEGAL GUARDIANSHIP SERVICE

As a member of the Local Level Committee , Global Trust facilitated to the PwDs for applying legal guardianship certificate under National Trust Act . Eligible candidates were identified and given awareness about the importance and benefits of the legal guardianship Certificate. The documents pertaining to the scheme such as National Identification Card for Person with Disabilities, Aadhar, Ration card, photograph of beneficiary with the guardian, Aadhar cards and contact details of 2 witnesses are collected and applied for availing this certificate.

Total Benefited PwDs

50

Persons with Autism, Cerebral Palsy, Intellectual Disabilities and Multiple Disabilities are in a special situation as even after they have acquired 18 years of age, they may not always be capable of managing their own lives or taking legal decisions for their own betterment. Therefore, they may require someone to represent their interests in the legal areas throughout their lives. However, in cases of cerebral palsy and multiple disabilities, there may be a need for only limited guardianship because of the availability of enabling mechanisms and/ or scientific facilitation which enable such persons to function with varying degrees of independence. During the FY 2021-22, we initiated action to reach out to the needy PwDs to benefit under the scheme. Along with the District Collector's guidance and proper verification ,we have issued Legal Guardian certificates to 50 PwDs in Ariyalur District.

POST COVID-19 INTERVENTIONS CHILDREN EMPOWERMENT

Global Drawing Festival organised for Drawing and Poster Designing on the theme of Awareness and Importance of Covid-19 Vaccination prevention methods and practices from Covid-19 3rd Wave . We got good and enthusiastic responses from flourished minds of different age groups of various places at Tamil Nadu and Puducherry states especially in and around Cuddalore District

The Covid-19 lock down had impacted in many ways on the lives of all segments but it has hardly affects the Children's mental health seriously. Amid the reopening of schools have given yet another Socio-psychological problems which has induce them to lack of understanding on the safety measures of Covid-19 3 rd wave. As a result we came up with Global Drawing Fest- 2021, with aim to help the Children to learn about covid-19 and protect themselves from virus infection. The priority has given to the age group between 6 years to 17 years. This was a purely a online event by which the children can send their paintings directly. The fest was conducted on 31.08.2021 to distribute prizes to winners of the competition. The program was co-chaired by Dr. Saileela, MBBS. Hospital Superintendent and Mr. Balasundaram, DDAWO, Cuddalore and distributed the prizes along with appreciation certificate. 75 school going children across the district have participated in the event.

POST COVID-19 INTERVENTIONS WOMEN EMPOWERMENT

We organized “WOMEN MICRO ENTREPRENEURSHIP DEVELOPMENT IN POST COVID -19” on 09.08.2021 to encourage Micro-entrepreneurship among Women from deserved groups of Cuddalore.

Women folk globally were affected in many ways by the Covid-19 lock down as their mental health, Physical health and livelihood have almost deteriorated. But the story is still harder in rural areas. On the one hand the rural women have forced to work for more than 8 hours with or without payment. On other hand, there was a opportunity for micro level business at local level like small petty shops, road side Tiffin centers, vegetables sales and home made products sales. In view of this, we decided to come up with a training program to encourage the rural women to upscale their livelihood skills through entrepreneurship training program. There was 250 women from across the district were given this training along with carrier guidance, finance linkages and market linkages.

PMESAP- (PROMOTING MICRO ENTERPRISES FOR SPECIALLY ABLED PEOPLE)

We initiated this program to support and revive the micro enterprise activities of PwDs in Cuddalore District. During Covid-19 lock down phases, it was found that the PwDs who were running micro enterprises as their self employments was set-backed due to Lock down closer and their tiny investments for running their business was spent for their family's survival. Hence Global Trust Designed PMESAP- Promoting Micro Enterprises for Specially Abled People to provide support for the dropped self employment and also new self employment to the PwDs and their caregivers.

A variety of learning we gained on the changing lifestyle of PwDs during the Covid-19 lock down relief work. Even though the majority of PwD's livelihood is depended one, some of them are having will power to do something by their own. The pandemic situation has spoiled their will power and forced them to stay idle at their home. They lost their daily earning and started to wait for other's help for even to regular medicine. But they won't loss their hope to revive their livelihood and ready to restart their income generation. So during the FY 2021-22 the scheme Promoting Micro Enterprises for Specially Abled has supported 25 PwDs for their income generation activities.

CYCLONE RELIEF SUPPORT TO TRIBAL VILLAGE

Penthanikuppam a tribal hamlet of ---- village was isolated in monsoon cyclone as their huts were destroyed and all belongings were eroded by the cyclone water.

The school educative items of their children have also vanished by the cyclone.

We thanks to all the supporters to resettle their life.

Almost the entire Cuddalore district was affected by the northeast monsoon cyclone of 2021. The people of affected areas have shifted to nearby government buildings, Marriage halls with all protective measures by the district administration . But the huts which are located in river banks have severely damaged and almost their total belongings were destroyed. Petahnikuppam is one among the village where 27 families have lost their belongings and educational materials of their 32 children. They were supported consecutive times until they revive their settlement.
